Slovenia 2025

Dragi prijatelji gimnastike,

počasi, a vztrajno postaja Koper slovenska gimnastična prestolnica. Še sedmih zapored zvezde svetovne gimnastike prihajajo na Obalo, na **19. svetovni pokal v športni gimnastiki**. Gre za tekmovanje v seriji svetovnega izviva **Mednarodne gimnastične zveze (FIG)**.

Letošnje tekmovanje je privabilo skoraj 200 udeležencev iz skoraj 25 držav, kar nas veseli, saj stalna udeležba na tekmovanju temu daje težo. Dogodek, ki s sobotnimi in nedeljskimi finali preko neposrednega prenosa doseže več kot pol milijarde gospodinjstev po celiem svetu, je eno izmed bolj priljubljenih postojank gimnastičnih reprezentanc sveta.

Veseli nas nadaljnja podpora naših zvestih partnerjev. S podporo našega generalnega sponzorja **družbo BTC d. d. in Slovenske turistične organizacije**, slednja na dogodku sodeluje z blagovno znamko **I Feel Slovenia**, smo lahko tudi v letošnjem letu z večjo mero gotovosti izvajali priprave na letošnjo organizacijo, kar je za organizatorja vedno zelo dobrodošlo.

V sklopu svetovnega pokala bo v soboto v Športni dvorani Osnovne šole Koper (tik ob Areni Bonifika) potekal tudi tradicionalni

finale **Gimko pokala**, kjer se bodo predstavile bodoče zvezde gimnastike.

Na Gimnastični zvezi Slovenije smo zavezani k trajnostnemu delovanju. Kot organizator največjega gimnastičnega tekmovanja v Sloveniji v Koper že več let v okviru dogodka izvajamo več različnih trajnostnih aktivnosti. Leta 2025 smo vse trajnostne aktivnosti združili pod eno streho – pod blagovno znamko **Koper GOES**. Z blagovno znamko Koper GOES smo naslovili različne SDG in ESG izzive, ime pa iz glagola »iti« (angl. to go), kar izkazuje proaktivnost. Izzivov se lotevamo v okviru svojih zmožnosti in prispevamo svoj del k boljšemu svetu – korak za korakom.

In nenazadnje – hvala vsem, ki imate motivacijo, da tudi v letošnjem letu ostajate del naše organizacijske ekipe. Zavedamo se, da to ni bila lahka odločitev in se vam iskreno zahvaljujemo za vaš čas, trud in predanost. Hvala, ker ste se nam pridružili pri praznovanju najboljšega, kar ponuja gimnastika.

Dear friends of gymnastics,

slowly but steadily, Koper is becoming the Slovenian gymnastics capital. For seventh time in a row, the stars of world gymnastics are coming to the Slovenian Coast, for the **19th World Challenge Cup Slovenia 2025**. It is a competition in the International Gymnastics Federation (FIG) World Challenge Series.

This year's competition has attracted nearly 200 participants from almost 25 countries, which makes us proud, as consistent participation adds weight to the event. With Saturday and Sunday finals broadcast live to over half a billion households worldwide, the event is one of the most popular stops for gymnastics national teams around the globe.

We look forward to the continued support of our loyal partners. With the support of our general sponsor **BTC d. d.** and the **Slovenian Tourist Board**, which joined the event with its brand **I Feel Slovenia** brand, we were also able to prepare for this year's organization with a greater degree of certainty, which is always very welcome for the organizer.

As part of the World Cup, the traditional **Gimko Cup** final will be held on Saturday in the Koper

Elementary School Sports Hall (right next to the Bonifika Arena), where the future stars of gymnastics will be presented.

Slovenian Gymnastics Federation as the organiser of the FIG World Challenge Cup Koper has been doing sustainable activities within our event for several years now. In 2025, we have united all sustainability activities under one roof, under the brand **Koper GOES**. With the Koper GOES brand, we have addressed various SDG and ESG Goals. The name comes from the verb "to go," symbolising proactivity. We approach challenges within our means and contribute our part to a better world – step by step.

And last but not least, thank you to everyone who has the motivation to remain part of our organizing team this year as well. We understand that this was not an easy decision and we sincerely thank you for your time, effort and dedication. Thank you for joining us in celebrating the best that gymnastics has to offer.

Damjan Kralj, MSc
President of the Slovenian
Gymnastics Federation

O 19. svetovnem pokalu v športni gimnastiki

Gimnastična zveza Slovenije v letošnjem letu organizira 19. svetovni pokal v športni gimnastiki v Kopru, ki bo potekal od 15. do 18. maja 2025 v Areni Bonifika in v športni dvorani Osnovne šole Koper. Sprva se je to tekmovanje organiziralo v sklopu Šalamunovega memoriala, ki je tako pred 18 leti prvič štel za pridobivanje točk svetovnega pokala, pod okriljem Mednarodne gimnastične zveze (FIG). Kmalu pa je tekmovanje, ki v letošnjem letu že šestič gostuje na Obali, preraslo te okvirje in postaleno večjih tekmovanj na svetu, ki privabi okoli 200 udeležencev, med njimi najboljše telovadce sveta.

Tudi v letošnjem letu nam ostajajo zvesti generalni sponzor BTC in častni sponzor Slovenska turistična agencija z blagovno znamko I Feel Slovenia.

V četrtek se v Areni Bonifika v Kopru začenja 19. svetovni pokal v športni gimnastiki. V četrtek in petek bodo potekale kvalifikacije, v soboto in nedeljo pa se bodo najboljše tekmovalke in tekmovalci pomerili v finalih po posameznem orodju.

Na tekmovanju se bo predstavilo skoraj 200 tekmovalcev iz skoraj

25 držav. Med njimi bodo tudi nosilci olimpijskih odličij in medalj s svetovnih in evropskih prvenstev. Slovenija bo imela na tekmovanju 14 predstavnikov, večina od njih pa v Koper, na največje slovensko gimnastično tekmovanje, ki poteka pred domačim občinstvom, prihaja z zelo dobro popotnico z letošnjih svetovnih pokalov.

Ženski del slovenske ekipe bodo predstavljale Tjaša Kysselef (preskok), Teja Belak (preskok), Lucija Hribar (dvovišinska bradlja, gred, parter) in Zala Trnik (gred), medtem ko se bosta izven konkurcence predstavili Meta Kunaver (preskok) in Luana Lubinič (gred).

Slovensko reprezentanco bodo v moški ekipi zastopali Luka Bojanc (krogi), Beno Kunst (preskok), Nikolaj Božič (parter), Anže Hribar (parter), Gregor Rakovič (konj z ročaji) in Toni Kastelic (drog), izven konkurence pa bosta nastopila Gregor Turk (parter) in Julij Jan Obal (konj z ročaji).

Veseli smo, da se v Koper vedno znova vračajo tudi nosilci medalj z največjih gimnastičnih tekmovanj: olimpijski podpr-

vaki Hrvata **Tin Srbić** (bradlja) in **Filip Ude** (konj z ročaji), tajvanski predstavnik **Lee Chih-Kai** (konj z ročaji), Španec **Rayderley Zapata** (parter) in **Georgia-Mae Fenton** iz Velike Britanije (ekipno).

Svetovni pokal bo organiziran v enaki obliki kot v preteklih letih, torej v četrtek in petek bodo potekale kvalifikacije, v soboto in nedeljo pa finalni del tekmovanj, kamor se uvrsti osem najboljših na posameznem orodju. Ker smo vezani na neposredni televizijski prenos (RTV SLO 2), se bosta finalna dneva začela ob 16. uri. Preko mednarodnega signala si bodo tekmovanje lahko ogledala tako domača kot tuja gospodinjstva. Dogodek poskušamo medijsko podkrepiti tudi skozi druge kanale, kot so radijske oddaje in radijski prenos tekmovanja (na zadnjem izvedbi sta dogodek pokrivala **VAL 202** in **Radio Capris**), razne nagradne igre, družbena omrežja zveze in dogodka (**World Challegne Cup ART Slovenia**) ter spletna stran dogodka www.slogym.si.

Lanskoletni 18. svetovni pokal v športni gimnastiki sta tekmovanje zaznamovala **Lucija Hribar** z zmago na dvovišinski bradlji in **Luka Bojanc** s svojo prvo mednarodno medaljo v krogih. Moški parter je zmagal Ukrajinec

Kovtun Illia, medtem ko je v ženski konkurenči slavila **Bickel Lena** iz Švice. **Kovtun** je slavil še na konju z ročaji, bradlji in na krogih. V moškem preskoku je bila v odsotnosti **Teje Belak** in **Tjaše Kysselef** najboljša **Mehičanka Moreno Alexa**, pri moških pa **Jimenez Pau** iz Španije. Na dvovišinski bradlji je zmagala olimpijka **Lucija Hribar**, na gredi pa je bila najboljša Italijanka **Veronica Mandriota**. V zadnji disciplini dneva, drogu, ki je bila izjemna poslastica za poznavalce, je zmagal **Tang Chia-Hung**.

About the 19th World Challenge Cup Koper 2025

The Slovenian Gymnastics Federation is organising the 19th World Challenge Cup in artistic gymnastics in Koper, which will take place from 15 until 18 May 2025 in Arena Bonifika and in the sports hall of the Koper Elementary School, both located in Koper. At first, this competition was organized as part of the Šalamunov Memorial, which counted for the first time 18 years ago to earn World Cup points, under the auspices of the International Gymnastics Federation (FIG). Soon, however, the competition, which is currently being hosted on the Slovenian Coast for the sixth time in a row, outgrew these frameworks and became one of the largest competitions in the world, attracting around 200 participants, among them the best gymnasts in the world.

This year, more than ever, general sponsor BTC and the honorary sponsor Slovenian Tourist Board with their brand I Feel Slovenia remain loyal supporters of the competition.

The 19th World Challenge Cup in artistic gymnastics starts on Thursday in the Bonifika Arena

in Koper. Qualifications will take place on Thursday and Friday, and on Saturday and Sunday the best competitors will compete in the finals of each of the ten apparatuses.

The women's team representing Slovenia will include Tjaša Kysselef (vault), Teja Belak (vault), Lucija Hribar (uneven bars, balance beam, floor), and Zala Trnik (balance beam), while Meta Kunaver (vault) and Luana Lubinič (balance beam) will compete out of competition.

The men's team will be represented by Luka Bojanc (still rings), Beno Kunst (vault), Nikolaj Božič (floor), Anže Hribar (floor), Gregor Rakovič (pommel horse), and Toni Kastelic (horizontal bar). Competing out of competition will be Gregor Turk (floor) and Julij Jan Obal (pommel horse).

We are pleased that Koper continues to attract medalists from the world's biggest gymnastics competitions, including Olympic silver medalists Tin Srbić (parallel bars) and Filip Ude (pommel horse) from Croatia, Taiwan's Lee Chih-Kai (pommel horse), Spain's Rayderley Zapata (floor),

and Georgia-Mae Fenton from Great Britain (team).

The World Challenge Cup will be organized in the same format as in previous years, i.e. on Thursday and Friday the qualifications will take place, and on Saturday and Sunday the final part of the competitions, where the eight best in each apparatus will compete to see who is the best. Since we are tied to live television transmission (RTV SLO 2), the two final days will start at 4 p.m. Both domestic and foreign households will be able to watch the competition via an international signal. We try to support the event in the media through other channels, such as radio broadcasts and the radio broadcast of the competition (on the last edition, the event was covered by VAL 202 and Radio Capris), various prize games, social networks of the association and the event (World Challegne Cup ART Slovenia) and the website event www.slogym.si.

Last year's 18th Artistic Gymnastics World Cup was marked by **Lucija Hribar**'s victory on the uneven bars and **Luka Bojanc** earning his first international medal on the rings. The men's floor exercise was won by Ukrainian gymnast **Illia Kovtun**, while in the women's category, **Lena Bickel** from

Switzerland took the top spot. Kovtun also triumphed on the pommel horse, parallel bars, and still rings.

In the women's vault, with **Teja Belak** and **Tjaša Kysselef** absent, the best female performance came from Mexico's **Alexa Moreno**, while Spain's **Pau Jimenez** claimed the men's title. Olympic gymnast **Lucija Hribar** won the uneven bars, and the beam gold went to Italy's **Veronica Mandriota**. The final event of the day, the horizontal bar – a true treat for gymnastics connoisseurs – was won by **Tang Chia-Hung**.
